might be able to prevail upon the Advisory Board or the Gen-eral Court to permit such a charge against the cities and In the report we point out that

DECORATED—Air Force Airman First Class John F. Leahy Jr., right, son of Mr. and Mrs. John F. Leahy of 44 Gordon road, is decorated with the Bronze Star Medal with "V" device at Bien Hoa AB, Vietnam, by Colonel Homer K. Hansen, 3rd Tactical Fighter Wing commander. Airman Leahy distinguished himself by his valorous actions when an F-100 Super Sabre was struck by enemy fire.

AB, verifier, by the valorous actions when an F-100 Super Sabre was struck by enemy fire. He disregarded his own safety by rushing to the aircraft with a fire extinguisher and helping extinguish the fire. He is a member of the Pacific Air Forces at Blen Hoa. The airman is a 1965 grad-

Auditor Buczko Reports On MBTA

During the period involved the MBTA reported a net de-ficit of \$24,476,135.34, but, in

reality, the cost to the taxpay-

er, amounted to \$33,882,352.62. We find little evidence that the

taxpayer can expect any relief

from increasing assessments in

the near future. In fact, the contrary can be expected and

operating deficit will continue to rise. For the most part, these increases will continue

due to increased costs for labor.

materials and equipment; but

at the same time, we find lit-tle evidence that the officials

of the railway exhibit any great interest in economies.

In actual fact they have en-deavored to increase assess-

ments on the taxpayers, which demonstrates that despite the

fact that the law does not per-

mit the MBTA to add depre-

ciation to the cost of the ser-

vice, in every instance when the MBTA has presented its

budget request to the Advisory

Board they have included a sub

stantial request for deprecia-tion expense and each time the

request has been denied by the

by the Advisory Board the Au-

thority, for reasons best known

to itself, is carrying the grand

total of these items as an un

reimbursable deficit and to Sep-

tember 30, 1967, this item has

amounted to \$5,725,885.00 and

it will continue to increase if

the MBTA continues its pre-sent practices. We can only

s that the officials of the

the cost of borrowing has in-creased substantially under the present statute, and we have recommended that an amendment be made to the present law to require the Authority to do all future financing through the Boston Metropolitan Dis-In this report, which relates

to construction contracts, we call attention to the fact that the Board of Directors of the Authority approved an extra work order of \$276,824.63 which resulted either from an error in construction or in design, and it appears to this Depart-ment that before agreeing to this substantial payment some effort should have been made by the Directors to place responsibility for the error

Much of this report has been devoted to a study of Consult ant Contracts, and it must be pointed out in the very beginning that such a study was deemed necessary since the Authority has awarded \$13,-470,507.91 in Consultant Con tracts since August 4, 1964

Attention at this time must be directed to the fact that the MBTA is compelled by statute to submit an operating budget to the Advisory Board, and this results in a degree of control over opera tions. It must be pointed out MBTA hope that some day they however, that the Authority has

gardless of how extravagantly they may expend these funds the deficit only reflects the cost of amortization and interest in the fiscal period concerned. For that reason, we have recommended that the MBTA should be required to submit, on an annual basis, informative budgets to the Advisory Board on all its capital expenditures programs.

The following is a summary of some of the comments made on Consultant Contracts:

a) Unless one engineering contract is renegotiated, one consultant will receive more that \$750,000 in excessive fees during the term of his contract.

b) Rates paid on a data processing contract were in excess of rates paid by State agencies for some of the ser-

c) One contract was termi nated for poor performance after incurring costs of \$88,427.03.

which \$250,507.03 had been expended were abandoned as the result of the decision of the MBTA and the consultant concerned to construct a four track bridge over the Mystic River instead of a three track concept previously planned.
